Dear Dad,

School is really great. I'm making lots of friends and studying very hard. With all my stuff, I simply can't think of anything I need. So if you'd like, you can just send me a card, as I'd love to hear from you. Love, Your son

I know that astronomy, economics and oceanography are enough to keep even an honor student busy. Do not forget that the pursuit of knowledge is a noble task, and you can never study enough. Dad
